

Norman Richard was a member of Fredericton Lesbians and Gays and the New Brunswick Coalition for Human Rights Reform. He was employed in Fredericton in the audio-visual services at Communications New Brunswick, part of the Government of New Brunswick and in the 1990s he had recorded the newscasts regarding LGBT issues and the fight for Human Rights as a personal endeavor. The collection consists of three VHS Tapes containing TV Newscasts regarding Gay Rights in New Brunswick and one Beta tape (PB30) containing Studio Interviews. The interviews recorded were for a production entitled Causes Of Prejudice and were pulled at the last stage in the editing for fear of controversy.

See audiovisual archivists for copies.
